

Patient Financial Agreement

To avoid any misunderstandings regarding dental insurance, we wish the persons responsible to know that all professional services rendered are charged directly to them and that they are personally responsible for payment of fees. Dental insurance is a contract between the insured and the insurance company. As a service to you, our office will submit charges for services to your insurance carrier, but we consider the patient primarily responsible for the account. If approval is necessary, we can submit your claim for pre-approval. After receiving approval, the balance not covered by the insurance is due at the time of service. If prior approval is not necessary, the balance not covered by the insurance is due at the time of service. For Delta Dental patients, payment is due at the time of service as Delta Dental will only send payment to the patient.

Payment Methods

Cash, Check, MasterCard, Visa

Divorce Cases: We will mail statements to the party legally responsible for the child's account; however, the person accompanying the child is responsible in the event that payment is not received.

Payment is due at the time the services are rendered unless other arrangements are made in advance. If, at any time, arrangements are broken by patient, full amount of balance becomes due immediately.

I agree to the above and understand that I am responsible for the fees incurred, including any delinquency charges or collection costs.
